We recently started adding private boat charters to our vacations and Life at 8 Knots really raised the bar with their personalized service. They created a full-day experience that catered to our family's preferences. These special experiences are what we now travel for.

Highly recommend this excursion with Julia and James. Great people with amazing experience. My girlfriend and I chartered this with another couple and all 4 of us had the most amazing time.

The hospitality was top notch. From the food/snacks to the point of the sun setting my family truly enjoyed! I would definitely recommend if you are looking for something relaxing and enjoyable to do in Bonaire!

Julia and James worked with us to select an itinerary, dive site, and dive plan that best suited our interests. The vibe was great, the cat is super comfortable, the food was delicious (and accommodated our vegetarian requests), and there was a great assortment of beverages. The perfect dive afternoon out with friends at Klein Bonaire!
